

Hannah Whitfield

Denver, CO | Applying for: Senior Platform Engineer (Remote)

Experience

Senior Platform Engineer - Ridgeline Software

2018 - Present

- Rebuilt the CI/CD platform from Jenkins to GitLab CI, reducing average build time by 40%.
- Led adoption of policy-as-code (OPA) for the platform team's Kubernetes clusters.
- Ran an internal "platform office hours" program that onboarded 30+ engineers to the internal developer platform.

Systems Engineer - Anchorpoint Technologies

2014 - 2018

- Administered on-prem VMware infrastructure for a 200-person org.

Education

B.S. Computer Science, Colorado State University
